# Soaps, Personal Care, Beauty, and Household

The much beloved Petit Marseillais makes soaps and other personal care products inspired by the Mediterranean and Provence, including body washes, hand soap, body milk, and bar soap. Le Petit Marseillais uses natural ingredients like aloe, argan oil, sweet almond, and olive oil in their products. They also use organically grown ingredients whenever possible. Scents include lavender, verbena, orange blossom...all reminiscent of a warm summer breeze in the south of France.

Maître Savon de Marseille is a brand of the Savonnerie du Midi, one of only four soapmakers in Marseille to produce soaps according to a savoir-faire that dates back to the 14th century. According to the Union des Professionnels du Savon de Marseille, an authentic savon de Marseille is made in Marseille or the surrounding region, cooked in a cauldron, made exclusively from vegetable oils with no colorings, perfume, or other additives. In addition to Marseille soaps, Maître Savon produces a range of pure hypoallergenic soaps for personal care along with all-natural household cleaning products based on Marseille soap or flaxseed oil.
